LETTER OF APPRECIATION

Dear Professor,

Hereby, I want to thank you for the outstanding support our NATO Naval Mine Warfare Centre of Excellence (NMW COE) received from your PhD student Piotr NOWAK.

Thank you for his great contribution to the Naval Mine Warfare community and the execution of on-line briefing regarding Disposal by deflagration method by using low-order systems.

I really appreciate his work to enhance joint effort to counter the threat from sea mines and other underwater explosives. The quality of briefing allowed participants to update their knowledge on existing programs but also to discover new players.

Thank you once again for the presentation provided and sharing your experience with a small Community of Interest. I congratulate Piotr NOWAK for a job well done. Please pass my highest regards to Piotr NOWAK and his team.

Yours sincerely,

DIRECTOR NATO NAVAL MINE WARFARE CENTRE OF EXCELLENCE

Filip Clauwaert
Commander (OF-4) BEL N
